### 3. Knowledge of Language, scholarship

3.8) In the case you marked 'other' please specify:

- ☐ Arabic (3 előfordulás)
- ☐ Berber Language
- ☐ Coptic
- ☐ Hindi
- ☐ Hungarian
- ☐ Italian
- ☐ Japanese
- ☐ Kiswahili
- ☐ Kyrgyz
- ☐ Mandarin
- ☐ Persian
- ☐ Swahili
- ☐ Tajik
- ☐ Twi (2 előfordulás)
- ☐ Urdu
- ☐ Xhosa

### 4. First impressions – Before arrival

4.3) What additional information would you like to see on the website?

- ☐ -
- ☐ Career oppourtunities for international students.
- ☐ Documents regarding Previous thesis work or Past exam questions
- ☐ English version is not similar to Hungarian version
- ☐ For faculty of material and chemical engineering to be updated and with a working english version
- ☐ Job opportunities.
- ☐ More information on medical insurance for non scholarship students
- ☐ More streamlined information about the course outline and curriculum. Also FAQs about department transfer should be present
- ☐ no comments
- ☐ Nothing
- ☐ On the website I would love to see more things involving student life in the faculty of health sciences  
Unfortunately during my application most of the videos on the websites lacked information about the faculty of health sciences,I almost thought the school didn't offer it at a point I thought the school wasn't accredited
- ☐ subjects for each program
- ☐ Subjects under each courses so that students can atleast study ahead and prepare when coming to the school before the start of the semester.
- ☐ the are some misse pages and information from the English version of the site

4.9) Please list the issue in which you would have required more help from the International Relations Office of UM.

- ☐ -

- I did not receive any help even though I come from an EU country, I still needed to get the residence permit or residence card and I had to go through the process myself with some help of my landlord
- I would like the university to be fast enough on preparing papers like admissions letters in order to make the process of obtaining VISA fast and early like others
- No issue
- No issue encountered so far
- Nothing
- nothing
- Still information on medical insurance for non scholarship international students
- The issue is as follows;
  1. I would want the International Relations Office of UM to assist the students with the Social Security Number (TAJ CARD) for it is taking ages.
- The only issue I'm facing currently is sufficient teachers for the nursing and patient care course as we are the first set on international students, we need more English speaking teachers who can explain properly we are struggling with understanding some teachers

4.12) **What else would you add to the 'Student Guide' to make it more useful?**

- -
- Describe exactly how you get here and information like where you buy ticket, how to buy it in vending machine and how to verify and where to find the buses or trams clearly
- Directions to the university, most especially when the mentors are going to pick you in the airport
- I have nothing to suggest
- I only got sense of the student guide once I came to Hungary. Before that it didn't make much sense even though it's written in plain English. Maybe more arrows and flow diagrams will help with the TAJ card, tax card etc information
- it was perfect
- Medical insurance prices and a clear streamline for securing on.
- No comment for now
- Nothing

## 5. Second impressions – The first weeks

5.5) **What other programme would you recommend for the welcome-week ?**

- -
- Campus Tour
- Faculty orientation should be given more time and more in orientation of the faculty facilities and laboratories
- Good like this
- Group tasks in which for every task you are put into a separate group. Not make students stick with one
- No comment
- no idea
- Nothing
- Pick and Obey
- Swimming

5.7) **In case you were not satisfied with the work of the mentor system/mentor student, please share with us what you missed, what the problem was.**

- -

- In detail what you need at the very begining so that you can know what to work on and what to wait for and for how long
- my mentors are not enough to support me.
- Satisfied

5.9) **In case you were not satisfied with the work of the INTERNATIONAL RELATIONS OFFICE /officer, please share with us what you missed, what the problem was.**

- -
- I am not satisfied with the way the International Relations Office is handling issues with the TAJ Card (Insurance). It is taking much time than expected as most of we students wants to engage in some activities but can't do that because we do not have a TAJ Number/ Card.
- IRO should help fee-paying students or non-scholarship holders get (cheap) health insurance.  
The IRO office could partner with a health insurance service company in Hungary to reduce the cost of acquiring cheapest health insurance for international, fee-paying, and non-scholarship students.  
Doing this will benefit a whole lot of students.
- It's not specifically to the IRO, but it seems that the health insurance is late by 1 entire semester or more (25% of my study program) which is a huge period of time, and considering I am a scholarship holder this is a big amount of money I have to pay separately for medical services until I recieve the TAJ card.

5.11) **In case you were not satisfied with the work of the DEANS OFFICE/officer, please share with us what you missed, what the problem was.**

- -
- The time of for consultation is too limited to meet up with the officer. The time fixed by the officer is too limited as most of we students have classes as at that time.

5.13) **In case you were not satisfied with the work of the FACULTY COORDINATOR, please share with us what you missed, what the problem was.**

- -
- ALWAYS RESCHEDULING CLASSES AND ITS SERIOUSLY AFFECTING MY PERSONAL ACTIVITIES
- The schedule is very busy and does not fit the life of the foreign master's student

5.15) **In case you are not satisfied with the services on the University campus, please share with us what you miss, what the problem is.**

- -
- I CANT FIND ANY ENGLISH BOOK RELATING EXPECTIALLY TO MY COURSE OF STUDY, MOST SIGN POSTS ARE IN HUNGARIAN MAKING IT DIFFICULT TO NAGIVATE AROUND.
- Internet wi-fi can sometimes be erratic (very slow), especially in E/6 dorm
- Sometimes, I have problems with connecting to wifi and accesssing the websites.
- The wifi is the worst, and going to change the bed cover everytime instead of going to class on time it's a waist of time
- The wifi oh my god is terrible near the glass building and even in Uni Hostel near my room the signals drop terribly
- The Wireless is not too strong enough except when connected to the LAN Cable.
